SUBJECT: Cedar Grove Street & Drainage Improvement Project

Engineering Department previously forward a request for a resolution for Mayor's signature of the Application for Limited Right to use District Property. Because the project requires two locations to be removed and replaced within the EPWID property, the city is required to submit an application for each site. Attached are two applications one for the work at Carolina Dr. and the other for Durrill Rd.

Attached for your information are copies of previously coordinated process for the Knights Drive Extension project.

If you require additional information please let me know.
